Dear Ms. Miks:

Pursuant to Chapter 14B of the San Francisco Administrative Code, your firm has been certified as a SBA-Local Business Enterprise by the Contract Monitoring Division (CMD) beginning on the date of this letter.

Your SBA-LBE certification number is SBA-LBE-CMD-13710

As an SBA-Local Business Enterprise, your firm is eligible to receive a 2% percent bid discount for all contracts with the City and County of San Francisco greater than \$400,000 when bidding as a provider of: **Civil Engineering and Transportation and Traffic Engineering.**

The 2% bid discount available to your firm shall not be applied if it would adversely affect a Micro-LBE or Small-LBE. Unless the bid specifications allow for SBA/LBE subcontractors to count towards the LBE participation goal, Prime bidders will not receive credit for meeting the LBE goal (14B.8).

The CMD's SBA-LBE Certification does not expire. If you believe your firm is below the economic threshold and you would like to petition to become a regular LBE Certified firm, you must request the review of taxes by the CMD's Certification Unit. The economic threshold for **Professional Services** category is \$2,000,000 average receipts of sales for the past three years.

The Contract Monitoring Division reserves the right to withdraw this certification at any time. CMD also reserves the right to request additional information and/or conduct on-site visits for purposes of verification.

If there are any changes in your firm's status, you are required to notify this office immediately. Thank you for your interest in the CMD's San Francisco Local Business Enterprise program.

Sincerely,

Maria L. Cordero
Director

Congratulations, the Supplier Clearinghouse is pleased to inform you that in accordance with **General Order 156**, your business enterprise has successfully completed the verification process, and your company has received the following certification: **WBE**

Your company will now be recognized by the Joint Utilities as a **women and/or minority-owned business** when competing for procurements by public utilities participating in the Utility Supplier Diversity Program.

Your Certification is valid for **three years** and you are required to re-verify your company's **WMBE** status at least **30 days** prior to your expiration date. Please notify our office of any change in your address or contact information so that we can maintain your most current contact information. You must notify our office of any change in ownership and/or control of your company within **30 days** of the change. Failure to provide that notification is in violation of section **8285** of the Public Utilities Code and could render your certification status invalid.

If your company was verified and certified under the **CAV** (Comparable Agency Verification) process, your certificate status will expire on the same expiration date as that of the comparable agency except for **SBA 8a Certificates** that are valid for a **nine year** period. However, please note that the maximum verified certification period for the Supplier Clearinghouse is **three years** regardless of **any CAV** expiration date in excess of **three years**.

The Supplier Clearinghouse may request additional information or conduct an on-site visit at any time during the term of your verified certification status. The Supplier Clearinghouse may reconsider your certification status and possibly rule invalid your verified status if it is determined that the status was knowingly obtained by false, misleading and/or incorrect information. Also note that if in a formal opinion, the California Public Utilities Commission determines that the **WMBE** verification criteria under which you were deemed eligible is no longer valid, then your status may change or you may be required to comply with the change to maintain eligibility.

Thank you for participating in the Utility Supplier Diversity program. We wish you much success in your business endeavors. Feel free to contact our office if you have questions, or visit our website at:
